

Supervisors Set April 12th For Hospital Election

Board Establishes Polls At Tahoe City And Truckee

The Nevada County board of supervisors last week set April 12 as the date for the election to determine whether the Tahoe Forest Hospital District shall be formed in this area.

Two precincts have been established, one to be at the fire station at Truckee and the other at the Community Hall at Tahoe City. The election board for the former will comprise Lucile Bick, Dorothy Leamon and Laura Gaennie and at the Tahoe precinct Alice Sorenson, Dorothy O'Brien and Louise Geier will preside.

The polls will be open from 7 o'clock a.m. until 7 o'clock p.m. Nevada County voters will vote in Truckee and Placer County residents will cast their ballots at Tahoe City.

A complete description of the proposed boundaries of the district which embraces northwest Tahoe, Truckee, Donner Summit, Floriston and Hobart Mills areas will be found elsewhere in the Sierra Sun today.

The following weekend the local town team will travel to Lovelock for the three-day tournament there to wind up a fairly successful meet-all-comers season.

Snow Survey In District Shows Water Normal

All Reservoirs Expected To Hit Capacity In Runoff

In accordance with the Truckee River Agreement, the Truckee-Carson Irrigation District, the Washoe County Water Conservation District and the Sierra Pacific Power Company made snow surveys in the Lake Tahoe and Truckee River Watersheds the first of March.

In general it appears that on the low level the snow water content is somewhat above normal for this date whereas on the high elevations it is somewhat below normal, particularly on the Little Truckee watershed. The average would appear to be about normal in the Lake Tahoe basin but somewhat below normal in the Truckee River basin and especially on the Little Truckee.

Donner Lake storage is practically depleted but the water content of the snow in this basin is now ample to fill this reservoir to capacity.

Considering the present storage in Independence Lake, it is apparent that this reservoir will also fill to capacity.

Boca Reservoir is now empty but with normal precipitation during the month of March, this reservoir can be completely filled.

On March 1st the elevation of Lake Tahoe was 6224.43. With normal precipitation during the month of March, the maximum elevation should be slightly above 6226, the report shows.

It is noted that precipitation at Tahoe City during the month of February was only about 75 per cent of normal. This deficiency in precipitation would have the effect of reducing the maximum elevation of Lake Tahoe as forecast February 1st, according to the report.

Meanwhile, Walter Bell, water master for the Truckee River, reports the lake is 145 feet above its natural rim and upstream reservoirs have gained a net of from 6,000 to 8,000 acre feet. Lake Tahoe impounds a theoretical 174,000 acre feet of water for future downstream use.

At the present time it appears that if March precipitation is approximately normal, the water supply for irrigation purposes will be normal except for some possible small restriction in late September and October. The water available during the winter will largely depend on the extent of the March precipitation.

Truckee To Use Verdi Players In New League

First Game on Diamond Here Scheduled On May 15th

by SCOOP THURMAN

Truckee will play its first home game in the Placer-Nevada Baseball League on Sunday, May 15th with the Placerville Bartletts as the visiting club, according to the schedule of 18 games which was adopted by the league directors at a meeting held in Auburn last Sunday afternoon. The following Sunday, May 22nd the Colfax Fireballs will be the visiting team here. Each team has nine home games and nine games away from home.

Owing to the severe winter, Truckee will play its first three games away from home. April 24th, the opening day of the league race, Truckee plays in Folsom. On May 1st the local nine plays the Wolf and Royer team in Roseville and on May 8th they play again in Roseville meeting the Athletic Club nine.

Truckee was given additional consideration in the way of home players. The directors amended their by-laws to permit Truckee to use players who reside in Verdi. The only stipulation being that such players must either be employed in Verdi or Truckee or within the league territory. Reno players or Verdi residents who are employed in Reno will come under the outside player rule.

The directors also adopted a suggestion of Director Bill Valdon of Grass Valley that all players sign a contract with their respective clubs and forms for use as contracts were ordered printed.

Tuesday evening, April 12th was set as the date for the final pre-season meeting of the directors.

Mike Korich represented Truckee at the meeting. He was accompanied to Auburn by Larry Baxter.

Practice Soon

Korich announced that practice for the local nine will begin as soon as weather permits. He also reports that John Stephens, who plans to establish a glazing business in this area, has been signed to play for the Truckee team. Stephens, who will play either first or second base, was with the San Francisco Seals for two years, Korich said.

The first annual Sierra Dog Derby is a pleasing incident of the past and its passing was marked with success from all angles. While the attendance was not all that could have been anticipated, the program was presented without a bobble, offering great entertainment for the spectators. Everyone who took part in the arrangements worked hard and faithfully and it was through the individual as well as combined efforts of the committees that Truckee was able to provide an outstanding show. The races, the ski tournament, parade and dances were conducted effectively and earned the praises which followed. Truckee, too, can thank the dog owners several of whom came great distances to participate in the events. These owners and drivers made the show an outstanding success and to them and the committees we say well done.

We will not go into the many advantages of having a Red Cross organization since we believe that nearly everyone is familiar with the fine work accomplished by the earnest workers who make up its personnel. It is our desire only to point out that at the present time a drive is on for funds to keep the Red Cross functioning and to ask that you help through whatever contribution you can make.

The board of supervisors has paved the way for this region to have its own hospital facilities, a project long needed. It is now squarely up to the voters of the district whether or not the hospital district shall become a reality. At the election April 12 a question of importance will be decided and it is hoped that the issue will carry overwhelmingly. While the formation of the district is only a step, it will indicate the wishes of the residents and will spur the proponents to further action.

RIGHT OF WAY MEN ARE HERE ON ROAD WORK

Officials of the Division of Highways were here this week and it was revealed today that work is expected to be started in the near future on clearing the right of way for the proposed new section of Highway 40 from Thornton's Garage to where the Hobart railroad crosses the highway east of Truckee.

The two principal places affected by the program are Thornton's Garage which, according to reliable sources, has been purchased by state, and the Catholic Church and parish house. Father J. Boland said he has been seeking a new site and believes that one will be available soon.

Work on the new section of road is not expected to start before summer but in the meantime it is hoped to have the right of way cleared, officials have indicated.

Headed by the American Legion's color guard composed of John Rau, Frank Giovannoni, Wayne Philippi and Nick Sassarini, the parade was featured by the Stewart Indian School band from Carson City.

Entries included the Lake Tahoe Ski Club's splendid display of young skiers, a decorated snow weasel and other features which won applause. The 20-30 Club float featured the derby queen with two Samoyede dogs. The Lions Club entry was predominated with children of members and the Sheriff's Ski Posse was mounted on a Forest Service truck showing the equipment, radios, walkie-talkies and other rescue items. Frank Greco's accordion players occupied two spots in the parade, one sponsored by the Rotary Club. Lloyd Van Sickle Wins Dog Races In Close Contest

Admiral Byrd Dog Leads Rodman Team At Sled Derby

Lloyd Van Sickle, Truckee, retained his crown as champion by winning the Sierra Dog Derby races here Saturday and Sunday in thrilling races that saw only a matter of 45 seconds between the winner and the fourth place finisher.

Driving a team of Samoyedes from the kennels of Mrs. A. E. Mason at Sacramento, Van Sickle's total time for the two days was 58 minutes 57½ seconds. On Saturday he made the 11 miles circuit in 26 minutes 25½ seconds and after a bad start Sunday covered the field in 32:32.

Lloyd's brother, Bob Van Sickle of West Yellowstone, Montana, mushed a team of Malamutes, owned by Major John W. Rodman, retired, of Little Tanana Kennels, over the finish line in 59 minutes 11 seconds to take second place. His Saturday time was 31:16 and Sunday 27:55. Bob steered his team over the finish line just 32½ seconds ahead of Lowell Fields, Gooding, Idaho, driving a team of Siberian Huskies, whose total time for the two days was 59:43½.

Lewis Price, Teton Basin, Ida., driving Mason Samoyedes, was fourth with a total time of 59:23½, his Saturday time being 31:27½ and Sunday 27:56.

Harry Johanson, Tahoe, constable, piloting his own beautiful team of young Samoyedes, made the first day in 38:15, the second in 44:19½ for a combined total of 82:34½.

Bob Ward, Culver City, also driving his own Samoyedes, finished sixth in a time of 87:49.

The veteran driver, Major Rodman, with his young Siberian Huskies, led by Grey Cloud, one of Admiral Byrd's favorite leaders in his recent Antarctic expedition, finished the first day's race in 41:22 but did not complete the course Sunday. Larry Field of Gooding was unable to bring his own team but with a make up team provided by Van Sickle raced Saturday but failed to complete the last day's race.

C. Edmunds of the chamber of commerce made the awards.

The entire show was beautiful to watch and filled with thrills and the sportsmanship displayed by the drivers was above criticism. A crowd estimated at between 1000 and 1500 saw the races and cheered the teams. The track was laid out so that it was in clear view of the spectators at all times.

In preliminary events, Shirley Rasmussen won the Kids' Derby the first day and Sandra Van Sickle came in first on Sunday. Eight youngsters and their dogs drew applause from the crowds.

In the skijoring races—skiers drawn by dogs—Marie Fitzpatrick of Donner Summit came in first with Bob Seibold second. Gertrude Waters fell and was slightly injured in the event.

Throughout the races and other events a public address system operated by the master of ceremonies, Eric Johnson, added to the pleasure of the entertainment.

Donner Summit Region Red Cross Drive Wins High Applause

NEVADA CITY—Eileen Mair, Red Cross fund drive chairman for the Highway 40 district, reports that residents in that area are proud of their "100 per cent membership" in the current community Red Cross fund campaign.

Miss Mair, who organized the recently dedicated highway first aid stations along Highway 40, says the fund drive is being handled in "typical community fashion."

Commenting about the drive and the first aid stations, she

said: "The people and resorts along the highway from Donner Summit to Emigrant Gap work together in the Donner Community Club and it was this group that in the fall of 1948 asked for training in American Red Cross first aid."

"As a result of training, six highest emergency first aid stations were dedicated on January 5. The three stations located in Nevada County are at Ski Hi on Donner Summit, Soda Springs Hotel and Ade's Yuba Gap Lodge at Emigrant Gap."

"The current drive is being handled in typical enthusiastic fashion. The three lieutenants carrying on the drive are Wanda Misener, Jean Coleman and Betty Horak. All are outstanding workers."

The commission ordered the following increases in business telephones:

One party from \$4.75 to \$5.25; two party from \$4 to \$4.25; suburban from \$3.75 to \$4 and coin boxes from 16 to 18 cents a day minimum.

North Tahoe

by DOT O'BRIEN

The North Tahoe Community Club and the North Tahoe Sport Club met at the home of Mac Burroughs last Saturday evening for the purpose of combining the two clubs which will be known as the North Tahoe Community and Sports Inc. A receiving committee was appointed to take charge of all assets and liabilities of the dissolving organizations until by-laws could be written and adopted for the new corporation. This committee consists of the two vice presidents Tom Sutton and Jack Felte and the two treasurers R. H. Welch and Burroughs. Burroughs, Tex Jones, Ambrose Furrer, Earl Nelson, Dick Lavery and Harry Stubby were appointed to serve on the by-laws committee. This group met at the Burroughs home Tuesday evening and report they have the new constitution well underway.

The regular meeting of the Kings Beach PTA will be held at the school house Thursday evening, March 17. Al Bequette, Placer County superintendent of schools, will be present as the special guest of the evening and local residents should show their interest by a good attendance.

The kitchen of Carpenters Hall had its face lifted last week. It had been suggested that an opening of refreshments at community affairs could be directly from the kitchen. The suggestion was approved and the carpenters went to work. Now the ladies will have an easier time as they prepare and serve those delicious repasts.

Dick and Penny Fisher returned from Palo Alto with their new son last week. Born last January, baby Jimmy has had to stay close to the hospital until an ear infection was entirely healed. Well now and growing every day, Penny and Dick are

glad to have him home with them at last.

The Snowdens Burches are certainly making up for lost time while away from the lake on their winter vacation. Last Wednesday they had dinner with the Stevensens of Holiday Inn and all enjoyed the show after dinner. The Ira Blairs entertained them and Peg and Tex Jones Friday evening. Saturday night it was the Burches turn and they entertained the Peter Svensens, Tom and Wilma Lucas, the Geo. Rheiners and Don Barkhurst at an evening of cards.

Andy Sorenson and son Ray attended a trap shoot at Sacramento over last weekend. Ray said that he got 46 birds out of a possible 50 to his dad's 43 but in the handicap his father showed him up with 47 to Ray's 46. At the rate the new Gun Club here at the lake is practicing, they will soon have nothing but champions.

Cammie and Bill Althof came up last weekend and since baby Cris had a cold, Cammie decided to stay over with gramma and grampa Miles for a few days. Cris celebrated his first birthday Thursday. Bill expects to come back after his family this Saturday. The Miles have received a letter from Doug after his arrival at Fort Bragg, N.C. He says it is too early to tell if he likes it back there but he is enjoying his work in advanced physical education very much.

Theresa Sutton gave a surprise birthday dinner for husband Tom Wednesday evening at the home of the Clare Walters. Theresa had quite a time keeping the affair from Tom but with the help of guests who helped roast turkeys and bake hams and cakes in their own homes it was managed quite well. Champagne was served with the delicious dinner and everyone had an excellent time. Present were Messrs. and Mesdames John Rayburn, A. E. Sorenson, Earl Nelson, Tony Petrof, Russ Farley, Sam Faulkner, H. Laborde, Vince Kientz, I. F. Miles, Clare Walters, John Ganes of Reno and the Suttons.

Miss Mignon Redinger and Ray Gallup gave their many friends a big surprise when it became known that they had been married in Carson City February 28. The young couple will make their home in Kings Beach for the present. Ray is employed at the lake as a plumber during the construction season.

The Arthur Seymours have been visiting in southern California for the past week.

David Miles has been appointed custodian of the Burroughs Ski Run and anyone leaving a sitzmark in the future will find themselves up against a very determined young man. David says he does not expect any trouble but they had better fill up those holes.

Tex Jones has received a letter from Libby and Bill Paige from Rockhill, Tenn., saying they are spending a couple of months there and are enjoying the warm spring weather.

The upper grades of the Kings Beach school enjoyed a day of skiing at Olympic Hill last Tuesday. Accompanying the students were Principal Archie Scott and Mrs. A. E. Sorensen who assisted in transporting the group to and from Tahoe City.

Joan and Karen Decker celebrated their birthdays March 7. Although four years separate them, the sisters have the same birthday. Six year old Joan had an afternoon party with balloons.

Work Begins to Move Structure from Reno For Wee Kirk of Pines

KINGS BEACH— The Wee Kirk of the Pines Community Church has high hopes of having a building on their own property in the very near future. Wednesday a group of citizens went over to the army air base near Reno and began dismantling the heating plant and plumbing fixtures of their building recently purchased from Army Surplus. Ivan Parr has donated the use of his truck for hauling back the material as it is torn down from its present location.

Last Saturday the women of the church cleared \$25.25 in a food sale held at the Stop and Shop and this amount will go toward helping with expenses of the men offering their services in moving the material to Kings Beach. The building will be erected on church property at the head of Bear Street and will serve as temporary quarters for community services until the planned outdoor chapel is completed. It will also be used as a recreational and social hall by the church.

Mrs. Mary Abbott reports they have recently purchased a public address system, complete with record player, which will be used for the amplification of organ records and all address during services in the proposed chapel.

Tuesday afternoon the Women's Society of the church held a quilting party at the home of Mrs. Abbott to try and complete their quilting project started this winter.

The nominations will be prepared for presentation March 25 with elections April 1. Carolyn Sturgis, Myra Lee Pollett, Collette Morhain and Doreen Quam were appointed on the refreshment committee for next Friday night's meeting.

Jimmie Morhain, Tahoe class C jumper, made the longest standing jump of the day Sunday on the Truckee hill.

The Lake Tahoe Ski Club float in the Truckee Dog Derby parade featured a sign which read: "Lake Tahoe Ski Club Sponsors Junior Skiing." Walking ahead and carrying a banner with the club emblem were Collette Morhain and Doreen Quam. Parading with them were the winners of the class D state championships, Jerry Quam, Lewis Fellows, Jay Stuart and Leonard Fuson. On the float were Karen and Gary Henry, Sharon Bechdolt, Sandra Fellows and Victor Wikander with Carl Bechdolt Jr. driver.

Tahoe Letter

FROM SWANEE

Tahoe, March 7th
Dear Tahoeites:
It's Monday again and we have greatly enjoyed the two-day Truckee shindig but today finds me with another sunburned complexion, a hacking cough, complete lack of energy but many pleasant memories. Most of Tahoe feels about the same.
The past two days were reminiscent of the good old days of Truckee and Tahoe when crowds were measured in the thousands. The gay holiday spirit was evident on all sides and the weather man favored with fair skies. The dog races were most entertaining and while our Constable Harry

Johanson didn't win any top place he certainly made a marvelous showing with his beautiful young samoyedes. Dog racing today is far more humane than in early days and the course laid out on Truckee meadows is a fine one with the drivers in sight most of the time. The entire program was excellently planned and executed and the committee in charge is to be highly complimented. The night exhibition ski jumping was another stunt receiving acclaim. Chet Zoberiski of the Auburn Ski Club was the worst casualty of the two days, his broken collar bone received on Saturday morning while practicing ski jumping. His friends wanted him to leave for home at once but he refused, deter-

mined to watch the tournament which was held at noon Sunday. Mr. and Mrs. Mike Korich and Mr. and Mrs. Floyd Fuson of Tahoe had charge of the coffee and hot dog concession for the Truckee baseball team of which Mike is manager and thanks to Sunday's crowd came out in the black. Saturday's crowd was smaller than had been anticipated but Sunday's attendance made up for everything.

Following Sunday's events I had the good fortune to run into Raphael Jolley, Truckee's well known and talented portrait and landscape artist. While chatting with him along came Tahoe's internationally famed portrait artist Loren Holmwood. He had come up on the afternoon stage from the bay area and was engaged in dashing about getting some good action shots of the racing dogs and their drivers and other atmosphere recordings. Accepting an invitation from Artist Jolley we hiked down the hill to his studio near Truckee and spent a pleasant while admiring his work. Holmwood, who has extensive holdings up Ward Creek Canyon, plans to return soon to make a trip to the top of Ward Creek to take movies of the area. He is returning to the Hawaiian Islands to erect a home on newly purchased property there before returning to Tahoe for the summer. He will complete his log cabin on Ward Creek this season and will reside here for a portion of each year.

Out Lake Forest way a group of friends and neighbors revived the good old days when building bees were in style. Arriving before breakfast at the home of Dr. and Mrs. George Clarke they pitched into the job of helping the Clarks raise the roof of their home and adding a new bedroom to the house. Mrs. Clarke served breakfast, lunch and supper to the crew who worked like Trojans and finished the job just twenty minutes before a snow storm arrived. An aluminum roof replaced the wooden one and Glen Bailey of Kings Beach brought along his truck and winch and made the task quicker and easier. Others who assisted the Clarks were Steve Korich, Francis Johnson, Tommy Brown and the Ernie LePires.

Mrs. Marie Henry's sunny disposition was sorely tried this afternoon when her kitchen stove blew up, scattering soot all over her clean house. The family is eating "black bread" this week as she was doing her weekly bread baking at the time. She counted up to ten and then grabbed the vacuum and went to work. Except for a period of exasperation, no damage was done.

On March 1 son Jimmie and I received admission into the Dawn Society at San Francisco, the humane organization which fosters the donation of the cornea of the eyes of those who die to the living blind that they may see again. I will be glad to send along the address of the Dawn Society to anyone interested in this wonderful movement.

Hope you all enjoyed the past weekend as much as most of us

Boy Scout Troop 27 Is Chartered In Tahoe Ceremony

TAHOE—Despite stormy conditions on March 3 more than sixty persons attended the pot-luck supper and installation services of Boy Scout Troop 27 of Tahoe. R. J. Ewan of Auburn, in charge of the Tahoe Area Council, was special guest of the evening.

Dr. John Keys of Truckee brought up members of Troop 7 of Truckee and 2½ gallons of ice cream and cookies donated by the ladies of Truckee. These boys included Mickey Hagstrom, Danny Hagstrom, Billy Currier, Charles Smith, Verne Hocker, Bobby Tonini and Jack White.

Herman Rau, leader of the new Tahoe troop, was chairman of the evening. He sketched the formation of the Tahoe troop from September 6, 1948 when plans were laid for its establishment under the guidance of the Tahoe Community Church, identified as St. Nicholas Episcopal Church. From the original four members, within six months, the membership has climbed to 12.

Rau introduced local Scouts, each of whom gave a talk on some phase of scouting. These were Ronnie Sanford, Clifford Dockham, Stanley Martin Jr. and Jerry Quam. New members of the Tahoe troop introduced were Jay and Ned Stuart and Philip Ebe.

Ewan, guest speaker of the evening, spoke entertainingly on what he termed "Tahoe-outpost on my Scouting map." He reminded members that the world is now observing the 39th anniversary of Scouting and declared there are now 15,000,000 Scouts

Tahoeites did. It was grand fun and sure hope it gets to be an annual habit. My best to you all. As ever, Swanee

Tahoe Health Measure Before Legislature

Senator E. Frandsen Loomis of Washoe County has introduced a bill in the Nevada State Senate to protect Lake Tahoe water from contamination.

The measure would require persons putting in water distribution systems or waste disposal systems in any part of the Lake Tahoe watershed to obtain a written permit from the state department of health. Strict bans would be placed on direct discharge of waste materials into the lake or within 100 feet of its high water mark. The bill would also prohibit such discharges within 100 feet of any stream, well, reservoir or similar water course or installation. Penalties provided for violation range up to \$500 fine and three months in jail.

BIRTHDAY PARTY

Mr. and Mrs. Vern Daniels of Lake Forest Sunday night honored Mrs. Mae Kennedy with a birthday party. Other guests included Mrs. Mary Planett and son Fred of Verdi, Ralph Bly,

Bess Lemery, Arthur Delbo and Mr. Kennedy.

How the Placer-Nevada League Functions

by SCOOP THURMAN
(League Secretary)

For the benefit of the Truckee fans and players here are a few of the highlights on how the Placer Nevada Baseball League operates.

The name of the circuit remains the Placer-Nevada League, the name under which it was first formed in 1923, notwithstanding the fact that it has for several years been composed of teams in four counties. In 1923 when it was formed, there were six teams in the league — two in Nevada County and four in Placer County. In 1925 Placerville was admitted to membership and later Folsom was taken in. During the past 18 years it has functioned as an eight club circuit.

The object of the league as stated in its by-laws is "to promote amateur baseball in the counties of Placer, Nevada, El Dorado and Sacramento, wherein teams are members." In Sacramento County the only member of the loop is the Folsom team which is confined to its immediate territory insofar as the use of Sacramento County players is concerned.

Each club is represented by a director in whose name the mem-

bership of the team is invested. The directors elect a president, vice president, secretary and treasurer, usually at the first meeting of each year. The present president is Charles Gallagher of Folsom who has served in that capacity for the past three years. He is a former Folsom player and manager. The writer has been secretary of the circuit since it was formed in 1923.

The members of each club according to the by-laws must be made up of only bonafide residents of Placer, Nevada, El Dorado and the immediate vicinity of Folsom in Sacramento County who are residents of the above territory on or before March 31 of each year. This clause in the by-laws prevents any team from importing so-called home players after that date by bringing them into the territory and giving them employment. It is strictly legal, however, to bring in outside players and make them legal home area residents by giving them employment on or before March 31.

However there is an exception to the above rule in that during the 1949 season each club with the exception of Colfax is allowed to use three players from outside the league territory. Colfax, because it is the smallest town in the circuit, is allowed four outside players. The reason for the use of outside players is to give the weaker teams the necessary added strength so that they can compete on more or less equal terms. A team does not have to use outside players unless they so desire.

Each club in the circuit is allowed a maximum player limit of eighteen players whose names and addresses must be furnished the board of directors one week before the season opens. Only players on this list may be used. However teams may change their players from time to time except

Junior Ski Tournament Slated March 26th By Lake Tahoe Ski Club

TAHOE— Raymond Fellows, chairman of the Lake Tahoe Ski Club junior division, announces the date set for the club's junior Class D meet will be held Saturday, March 26 and will include all events for the younger class, down hill, slalom, cross country and jumping. All events will be held on the club's ski hill above the Tahoe City golf links. Mrs. Marie Henry declares that a trophy will be awarded all first place winners with medals for second and third placers. Prizes will be awarded for individual winners and prizes will be awarded for combined scores. A slalom will be held for girls.

Age limit is confined to all those whose 15th birthdays do not occur before March 25. All up to that age are eligible. Invitations are being sent to all clubs of northern California and Nevada but any youngster may attend and compete by registering with Mrs. Henry at Tahoe City either in person or by mail. Contestants may be unattached and do not have to belong to any ski club.

The one mile cross country

that after June 27 no player changes can be made for the balance of the season. Prior to that date when new players are signed their names must be in the hands of the league secretary one week before the new players can be used.

Section 6 of Article 5 of the by-laws states that "any team can place one of its players on the suspended list for just cause and he is then barred from playing with any other team in the circuit. The league president and the board of directors have the same power also."

Section 7, which follows states: "Rowdism on the diamond will not be tolerated and any unsportsmanlike conduct on the part of any player shall bar him from further participation in the game and shall make him liable to suspension."

In our next will give more details as to the operations of the league.

Every morning dry bread, barley and greens are spread on the snowbanks near the lake shore and within a short time after the departure of the weasel which carries the food the birds begin to move in. This is the first time in the memory of local residents that this measure has been necessary.

Those who take turns feeding the birds are Carl Bechdolt Jr., owner of the weasel; Bob Scates,

Bob Banks, Jack Starratt and Mike Korich. The men have taken up collections among the residents and have solicited dry bread and vegetable tops and lettuce daily from local stores. The Truckee Outdoor Sportsmen donated \$25 to help buy feed and Scates gave five sacks of barley. Local housewives are asked to save their dry bread and greens for this emergency.

LOCAL RESIDENTS AGAIN ABLE TO BECOME VOTERS

Nevada County residents in the Truckee area may again register to vote, according to County Clerk Ralph Deeble. Registration books have been received by Mrs. Winifred Kamp at the Chamber of Commerce office and Douglas Barrett at the Sierra Sun for those who wish to register, to renew a cancelled registration or to change a current registration.

"It is now too late to register for the Hospital District Election," Deeble declared. "Anyone not now registered will be unable to vote at this election as voters must be registered at least 54 days before the date of the election." The Tahoe Forest Hospital District election is set for April 12.

For failure to vote at either 1948 election 2108 names were stricken from the voting lists in the county since November 2.
